Fascinating Facts:

- Many parts of the Christmas tree can actually be eaten, with the needles being a good source of Vitamin C

Beauty Tips:

- Before your Christmas party, apply your eye make up first. Then apply your foundation & any other make up. This way you know any loose eye shadow won't fall in any places you don't want it.
- Alcohol dehydrates you & can leave your skin dry, grey & dull. To make sure your skin glows despite the endless flow of alcohol over the festive period. Invest in a cleanser or mask that contains antioxidants & peptides, this will help to destroy dead skin cells, firm & moisturise
