### Fascinating Facts:

- Just Kissed® Lip & Cheek Stain not only contains olive & avocado oils to soothe & soften, it also features Triisostearyl Citrate. This amino acid enables pigment to develop according to the skin's acid level, so it adjusts to every individual's skin tone giving a truly unique colour.

- Facial scrubs only work on the very top layer of skin. Liquid exfoliants are able to absorb into deeper layers of skin making greater, positive change.

### Beauty Tips:

- Opt for mineral make-up if you have blemish prone skin - it sits on the skin but still allows it to breathe, so it won't clog pores.

### Lash Lift

Unfortunately we will be closed on

**Tuesday 3rd March.**

This is due to Vicki and Kaye carrying out their Lash Lift training. We apologise for any

inconvenience caused, but

we are very excited to finally be able to offer you this treatment. Lash Lifts will be available from

**Thursday 5th March.**

Please note a patch test is required 24hrs prior to treatment.

### New Hours

Please note Vicki's new working hours, these will

take effect from **Wednesday 4th March.**

**Tuesday 9.30 - 5.30**

**Wednesday 9.30 - 5.30**

**Thursday 4.00 - 7.30**

**Friday 9.30 - 3.00**

**Saturday (every other) 9.00 - 3.00**

### Eyebrow Lamination

We are very excited to announce that we will be offering Eyebrow Lamination as of next month.

Brow Lamination is a process of restructuring the brow hairs to keep them in a desired shape. It's the perfect treatment for

anyone whose hairs are irregular in direction, have any gaps in between said hairs, or who want that groomed, brushed-up look.

Those who have an abundance of brow hairs will reap the benefits of lamination as it can fix thick hairs in place. Those with finer brows can benefit too, giving the appearance of slightly fuller brows and the hairs can be styled to cover any sparse areas. Not only that the effects can last up to eight weeks!

**Please note we will be closed between 10am & 2pm on Tuesday 24th March for training**
