PRICE INCREASE

We are now preparing for 2023 and would like to inform you that we will be increasing our prices, effective from 1st February 2023.

Due to the current high levels of inflation, we are facing an increase in cost for materials from our suppliers, as well as energy charges.

We have, as always, endeavoured to keep prices as competitive as we can.

We have monitored very closely each treatment cost to reduce the impact on our prices as much as we can.

Therefore, not all prices have been increased and all rises have been kept to absolute minimum.
